**PRESS RELEASE**

27th March 2021

## **Ahmed Saeed Bin Brick praises FOSY's road map**

In a message on Twitter the President of the National Assembly of the Southern Transitional Council (STC) General Ahmed Saeed Bin Brick praised FOSY's road map.

Bin Brick said:

Brother Dr Abdul Galil Shaif  
Peace, mercy and blessings be upon you  
Greetings

I would like to commend your efforts to support the Southern cause and the demands of our Southern people to gain their sovereign rights to disengage from the unity signed in 1990.

Here we welcome the initiative you launched: the road map to solve the Yemeni issue in ending the war and achieving the lofty goal of disengagement.

We also thank you for your efforts to remove the suffering of the people of the south and freedom from racist communal tyranny.

We send you our sincere greetings.

Your brother, General Corner / Ahmed Saeed Bin Brick  
President of the National Assembly of the Southern Transitional Council.  
Former Governor of Hadramaut Governorate.
